

SA Affordable Housing is a unique alternate monthly publication dedicated to the subject of affordable housing in South Africa today. It addresses topics and issues relating to rural and urban infrastructure planning and development, as well as the delivery of affordable housing. This publication is grounded in the absolute conviction that every South African must have access to a home and that these homes, (and the infrastructure that supports them) must be of a standard that reflects the needs and dignity of our citizens.

*SA Affordable Housing* is the only publication in South Africa dedicated entirely to the topic of affordable housing in our country today. Through our pages, we have been connecting professionals who are actively involved in the industry since 2009.

We focus not only on RDP and government-style housing, but also on housing for the first-time home owner, student accommodation and community living. As such, certain topics are addressed regularly as core focus points.

**DISTRIBUTION**  
HARD AND SOFT REACH

We print 3 000 to 3 500 hard copies per issue, which reach key industry professionals, decision makers and end users through mail distribution and custom mail drops, which are highly targeted, client-specific mailings that we coordinate. Extra copies are printed to hand out at industry and trade events, conferences, seminars and expos where we frequently attend as print media partners.

We are proud that our magazines are used as popular reference sources and are often shared with more than one reader.

Our online readership is constantly growing. We already notify well over 10 000 email recipients upon publication of each issue and, presently, the e-books on [www.interactmedia.co.za](http://www.interactmedia.co.za) are regularly being read and/or downloaded by readers across South Africa, Africa and abroad.

**READERSHIP**  
WHO DO WE TALK TO?

- Main and subcontractors (levels 3 – 9 as per the CIDB Register of Contractors)
- Civil and consulting engineers
- Architects, specifiers and quantity surveyors
- Government departments (local, provincial and national) that are directly responsible and involved with the delivery of housing and supporting infrastructure
- NGOs that specialise in affordable housing
- Relevant associations, institutes, foundations
- Product and service providers

If your targeted reader is not on our mailing list, let us know. We want to include all important industry associates in our outreach.
