

SA Roofing is the only publication dedicated entirely to the residential, commercial and industrial roofing and re-roofing industries. We report on current topics and issues relating to both inner and outer roofing systems. SA Roofing is widely regarded as the leading source of information for the roofing industries in South Africa, plus architects, structural engineers and quantity surveyors form an integral part of our readership.

DISTRIBUTION

HARD AND SOFT REACH

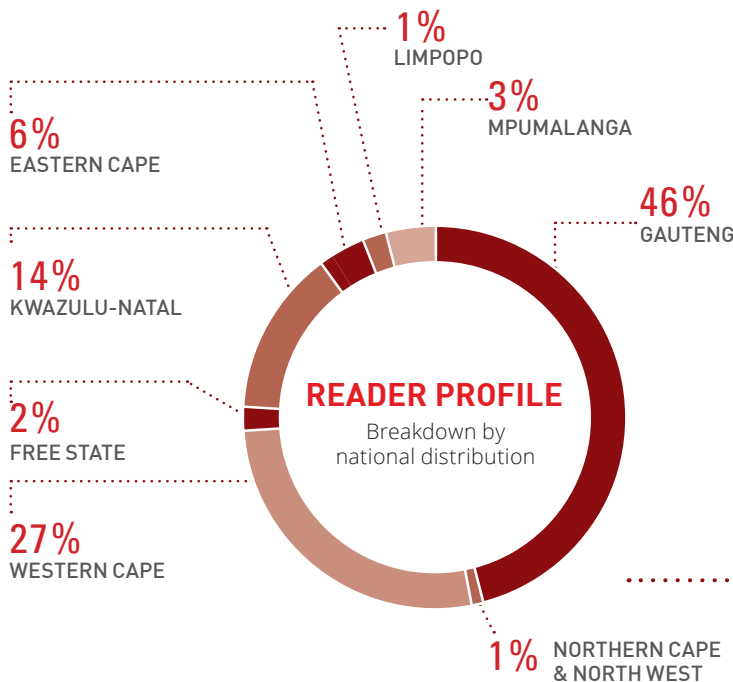

We print 4 000 to 4 500 hard copies per issue, reaching key industry professionals, decision makers and end users through mail distribution and custom mail drops, which are highly targeted, client-specific mailings that we coordinate. Extra copies are printed to hand out at industry and trade events, conferences, seminars and expos where we frequently attend as print media partners.

We are proud that our magazines are used as popular reference sources and often shared with more than one reader.

Our online readership is constantly growing. We already notify well over 10 000 email recipients upon publication of each issue and, currently, the e-books on www.interactmedia.co.za are regularly read and/or downloaded by readers across South Africa, Africa and abroad.

If your targeted reader is not on our mailing list, let us know. We want to include all important industry associates in our outreach.
